**Christie Administration Announces Wayne Township to Receive \$314,192
Through Schools Development Authority's Regular
Operating District Grant Program**

Furthering the Governor's commitment to providing the state's children with safe, modern and efficient schools, the Christie Administration today announced that the New Jersey Schools Development Authority (SDA) has executed a state grant to the Wayne Township School District through the SDA's Regular Operating District (ROD) grant program.

The details for the district grant are as follows:

Project:

Wayne Valley High School: Partial roof replacement.

State share: \$314,192

Local share: \$471,288

Estimated total project cost: \$785,480

SDA Chief Executive Officer Marc Larkins, in cooperation with the Department of Education, announced the resumption of the grant program in May 2010. Since then, the SDA has executed 561 grants. The state-grant program funds at least 40 percent of eligible costs for projects in the RODs, addressing health and safety issues, student overcrowding and other critical needs.

The Department of Education selects school projects to receive grant funding from the SDA. The State has provided nearly \$174 million in grants to local districts since the May 2010 announcement, leveraging projects estimated at a total of more than \$379 million. Funding for the program was made available through the sale of \$500 million in bonds by the New Jersey Economic Development Authority (EDA).
