**Jersey City, NJ**

**Issued: Monday, June 15, 2009**

**Due Date: Tuesday, June 30, 2009**

**CONSTRUCTION MANAGEMENT SERVICES  
REQUEST FOR QUALIFICATIONS (“RFQ”)**

**INTRODUCTION**

The New Jersey Schools Development Authority (“SDA”) is seeking the services of Construction Manager (“CM”) to manage the Construction Phase of the Early Childhood Centers 13 & 14 in the Jersey City Public School District.

- **THE NJSDA WILL MAKE AWARDS TO TWO SEPARATE FIRMS, ONE FOR ECC 13 AND ONE FOR ECC 14**
- **PROPOSING FIRMS WILL SUBMIT ONE TEAM AND TWO SEPARATE PRICE PROPOSALS**
- **IN THE EVENT THAT ONE FIRM RECEIVES THE HIGHEST SCORE FOR BOTH SCHOOLS, THE NEXT HIGHEST RANKED FIRM WILL BE AWARDED THE SECOND SCHOOL**

This RFQ is the first of a two-step process outlined below:

1. Request for Qualifications (“RFQ”): A bidder must first respond to the items listed under RFQ Submittal listed below.
2. Request for Proposals (“RFP”): The SDA will issue an RFP to firms that are shortlisted through the RFQ process.

This CM services Request for Qualifications consists of the following:

1. Request for Qualifications
2. Attachment A: Team Member Resume Form
3. Attachment B: Project Descriptions

Responses to this RFQ must be received by the NJSDA by **5:00 PM on Tuesday, June 30, 2009**.

Any firm responding to this RFQ **must be** classified by the Department of Treasury, Division of Property Management and Construction and pre-qualified by the NJSDA in **Construction Management** as of the RFQ submittal due date.

*A firm shall be precluded from submitting a proposal for this procurement if such firm or any affiliated firm is engaged under a prime contract with NJSDA to provide work and services as a general contractor, or is engaged as a subcontractor to a general contractor on an NJSDA project. Such firms shall also be ineligible to participate in this engagement as subconsultants or subcontractors.*

\* Included in a firm’s proposal submission, they must have their subconsultants indicate any NJSDA project they have worked on in the past and their role on that project. Whether a conflict of interest exists will be determined on a case by case basis once NJSDA is informed of the parties involved and their respective roles on the project.

The firm must submit one (1) unbound original and five (5) copies of the submission no later than **5:00 PM, Tuesday, June 30, 2009** as follows:

***If submitting by hand or overnight delivery, at the:***

**NEW JERSEY SCHOOLS DEVELOPMENT AUTHORITY**

**Procurement & Contract Services**

**1 West State Street – 1st Floor**

**Trenton, New Jersey 08625-0991**

**Attention: Megan Cox, Senior Procurement Analyst**

**Subject: Construction Management Services Proposal  
JE-0028-M01 & JE-0039-M01**

***If submitting by U.S. Mail, address packages to:***

**NEW JERSEY SCHOOLS DEVELOPMENT AUTHORITY**

**Procurement & Contract Services**

**P.O. Box 991**

**Trenton, New Jersey 08625-0991**

**Attention: Megan Cox, Senior Procurement Analyst**

**Subject: Construction Management Services Proposal  
JE-0028-M01 & JE-0039-M01**

Submissions received after the date and time listed above will not be forwarded to the Selection Committee for review.

Faxed or e-mailed submissions shall not be accepted.

**RFQ SUBMITTAL**

1. **Resumes of Team Members**

Key Team Members consist of construction manager, assistant construction manager, and field engineer/inspector.

A resume of each Team Member (NJSDA Form 202) must be included in the submission. At a minimum the following positions must be identified: each of the people to be on site full time (construction manager, assistant construction manager and field engineer/inspector), and part time as needed (proposed scheduler, the general estimator, mechanical estimator and electrical estimator). For each Team Member, the resumes must include, but not be limited to: a description of projects completed within the last 5 years of similar or larger size and nature to this engagement. The resumes should also include NJ school construction experience, governmental experience and experience with NJDEP and NJDCA that the Team Member completed in a similar role as that proposed. **Please note that all requested experience below shall reflect the experience of the Key Team Members that will be onsite full time. \*Construction Manager must be available from CM NTP through Final Completion; During Pre-Construction, additional team members must be available as requested by the NJSDA, as needed.**

## 2. Construction Manager Case Studies

### a. CM Experience

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's CM experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the construction manager's performance on each project, and be no more than 1,000 words.

### b. NJ School Construction Experience

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's NJ school design and construction management experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the construction manager's performance on each project, and be no more than 1,000 words.

### c. Governmental Construction Experience

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's governmental construction experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the construction manager's performance on each project, and be no more than 1,000 words.

### d. Experience with NJDEP and NJDCA

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's NJDEP and NJDCA experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the construction manager's performance on each project, and be no more than 1,000 words.

e. Experience with Pre-Construction

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's pre-construction experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the construction manager's performance on each project, and be no more than 1,000 words.

3. Assistant Construction Manager Case Studies

a. CM Experience

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's CM experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the assistant construction manager's performance on each project, and be no more than 1,000 words.

b. NJ School Construction Experience

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's NJ school construction experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the assistant construction manager's performance on each project, and be no more than 1,000 words.

c. Governmental Experience

From the experience listed in the resume of the construction manager, at least one, but no more than two, case studies outlining the construction manager's governmental construction experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the assistant construction manager's performance on each project, and be no more than 1,000 words.

d. Experience with NJDEP & NJDCA

From the experience listed in the resume of the assistant construction manager, at least one, but no more than two, case studies outlining the assistant construction manager's NJDEP and NJDCA experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the assistant construction manager's performance on each project, and be no more than 1,000 words.

4. Field Engineer/Inspector Case Studies

a. CM Experience

From the experience listed in the resume of the field engineer/inspector, at least one, but no more than two, case studies outlining the field engineer/inspector's CM experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the field engineer/inspector's performance on each project, and be no more than 1,000 words. **This position shall have a majority of experience in the MEP trades as these projects have a heavy proportion of MEP.**

b. NJ School Construction Experience

From the experience listed in the resume of the field engineer/inspector, at least one, but no more than two, case studies outlining the field engineer/inspector's NJ school construction experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the field engineer/inspector's performance on each project, and be no more than 1,000 words.

c. Governmental Experience

From the experience listed in the resume of the field engineer/inspector, at least one, but no more than two, case studies outlining the field engineer/inspector's governmental construction experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the field engineer/inspector's performance on

each project, and be no more than 1,000 words.

d. Experience with NJDEP & NJDCA

From the experience listed in the resume of the field engineer/inspector, at least one, but no more than two, case studies outlining the field engineer/inspector's NJDEP and NJDCA experience. The case studies must concisely set forth the basic background information (e.g., dates and location), the scope of services provided, and results of said engagement. **Case studies may be based on contracts with public or private sector clients.** The case studies must describe the effectiveness of the project, and the methodology used to measure such effectiveness. The case study must identify the name and address of the contracting entity and the name, title and telephone number of a contact person associated with the contracting entity that is familiar with and able to comment on the field engineer/inspector's performance on each project, and be no more than 1,000 words.

5. SBE Compliance

The selected Consultant shall be required to make good faith efforts to ensure that small business enterprises ("SBEs") have the maximum practicable opportunity to participate in the performance of this engagement. A 25% target has been established pursuant to N.J.A.C. 12A:10-1.1 et seq., and Executive Order No. 71 (2003).

Firms shall be required to meet set-aside targets of 5% for Category 4, 5% for Category 5, 5% for Category 6 and the remaining 10% for any combination of Categories 4, 5 and 6. **Please provide detail of how your firm will satisfy this requirement (e.g. name of SBE, type of work, % of work).**

## SELECTION PROCEDURES

Each RFQ will be reviewed to determine responsiveness. Responsive submissions will be evaluated by the selection committee. Evaluations will be based on the following Evaluation Criteria:

	POINTS
Overall Team Resumes	10
Construction Manager Case Studies	
CM Experience	10
NJ School Construction Experience	10
Governmental Experience	10
Experience with NJDEP & NJDCA	10
Experience with Pre-Construction	5
Assistant Construction Manager Case Studies	
CM Experience	5
NJ School Construction Experience	5
Governmental Experience	5
Experience with NJDEP & NJDCA	5
Field Engineer/Inspector Case Studies	
CM Experience	5
NJ School Construction Experience	5
Governmental Experience	5
Experience with NJDEP & NJDCA	5
Experience with MEP Trades	5
	<hr style="width: 20%; margin: 0 auto;"/> 100

### **AWARD REQUIREMENTS**

After determination of the highest ranked firm, the SDA shall request the following information prior to the award of the contract:

a. **Public Works Contractor Registration Act.** If applicable, the Consultant must be properly registered pursuant to the Public Works Contractor Registration Act, N.J.S.A. 34:11-56.48 *et seq.*

b. **Political Contributions.** P.L. 2005, c. 51 amended and supplemented N.J.S.A. 19:44A-20.1 *et seq.*, and superseded Executive Order 134 (2004), addresses the effect of political contributions on State contracting. Accordingly, a selected firm will be required to respond in a timely fashion to certification and disclosure requirements that will be stated in the Notice of Award issued by the NJSDA. Additionally, Executive Order No. 117, which is designed to enhance New Jersey’s efforts to protect the integrity of government contractual decisions and increase the public’s confidence in government. The Executive Order builds on the provisions of P.L. 2005, c. 51 (“Chapter 51”), which limits contributions to certain political candidates and committees by for-profit business entities that are, or seek to become,

State government vendors.

c. Outsourced Services Special Provisions. Under P.L. 2005, c. 92 (formerly Executive Order No. 129 (2004)), the NJSDA shall not award a contract to a bidder that submits a bid proposal to perform services, or to subcontract with a firm to perform services, outside the United States, unless certain conditions are met. If, during the term of the contract, the Consultant or subcontracted firm, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of the services outside of the United States, the Consultant shall be deemed in breach of the Agreement, unless the Senior Director of the NJSDA Division of Procurement and Contract Services shall have first determined in writing that extraordinary circumstances require a shift of services or that a failure to shift the services would result in economic hardship to the NJSDA or the State.

d. Anti-Discrimination Requirements. In addition, the Consultant shall not discriminate in employment and shall abide by all anti-discrimination laws including those contained within N.J.S.A. 10:5-1 et seq. and all rules and regulations issued there under, including N.J.A.C. 17:27-1 et seq. **Accordingly, in a notice of award, a firm shall be required to submit to the NJSDA, with its executed Agreement, one of the following three documents:**

- (1) appropriate evidence that the contractor is operating under an existing Federally approved or sanctioned affirmative action program;
- (2) a certificate of employee information report approval issued in accordance with N.J.A.C. 17:27-4; or
- (3) an initial employee information report (Form AA302) provided by the Affirmative Action Office and completed by the contractor in accordance with N.J.A.C. 17:27-4.

**\*The original of this document shall be provided to the New Jersey Department of Treasury.**

Please see following link for details.

[http://www.state.nj.us/treasury/contract\\_compliance/pdf/aa302ins.pdf](http://www.state.nj.us/treasury/contract_compliance/pdf/aa302ins.pdf)

e. Firm's Proposal for SBE Set-Aside Targets (NJSDA SBE Form A). The NJSDA may only recognize firms duly registered with Commerce as SBEs. There are two categories of SBE comparative sizes based upon average annual revenue for purposes of professional service contracts;

Category 4: firm with gross revenues not exceeding \$3,000,000;

Category 5: firms with gross revenues exceeding \$3,000,000, but not greater than \$16,750,000;

Category 6: firms with gross revenues exceeding \$16,750,000, but not greater than \$33,000,000.

Firms shall be required to meet set-aside targets of 5% for Category 4, 5% for Category 5, 5% for Category 6 and the remaining 10% for any combination of Categories 4, 5 and 6. These targets may be met by means of a firm's own SBE registration and the registration of subcontracted firms.

The successful firm must submit a completed NJSDA Form SBE A, identifying all SBE firms proposed for use on the engagement to meet (or exceed) the set-aside targets. Please note that any firm identified as an SBE must be registered as such with Commerce when the firm submits its proposal, in the revenue category specified. In the event that a proposing firm names a subcontractor for SBE purposes,

and the subcontractor is not registered as an SBE with Commerce at the time of proposal, the proposing firm must disclose that fact and explain how and when the lack of registration shall be cured.

**If a firm fails to show that it will meet SBE subcontracting targets, it must document its good faith efforts to meet the targets, in accordance with the provisions of N.J.A.C. 12A:10-4.**

A firm shall not be permitted to remove or substitute any firms listed on NJSDA Form SBE A without prior written approval from the Corporation.

For more information on statewide listing of firms certified as small, woman and minority owned business enterprises and to learn more about the Standards of Eligibility to become registered as a "Small Business" contact the Business Services Call Center at 1-866-534-7789, or visit New Jersey's business web portal: <http://www.nj.gov/njbusiness/contracting>

The SDA may request additional information as required under the Agreement, policies, procedures or law.
