## **Christie Administration Announces Stafford Township School District to Receive \$766,680 in Grant Funding from the New Jersey Schools Development Authority**

**Trenton, NJ** - Furthering the Christie Administration's commitment to support critical school improvement projects in New Jersey, the Schools Development Authority (SDA) today announced that three grants have recently been executed for Stafford Township School District through the SDA's Regular Operating District (ROD) grant program. Grant execution signifies completion of the application process and the start of funding being issued to school districts through the SDA's ROD grant program.

In May 2013, Governor Christie announced the largest single grant offering in the program's history, making approximately half a billion dollars in funding available for projects throughout the state's 559 Regular Operating Districts and 21 County Vocational Technical School Districts across New Jersey. The Department of Education, who determines the selection of school projects to receive grant funds, has approved more than 1,600 ROD Grant projects in 335 school districts throughout the state for this allocation. Between state and local contributions, the total project costs of the eligible projects are estimated to exceed \$1.2 billion, representing significant benefit not only to the children served by the state's public schools but also to the economy and construction industry as this important work advances.

The projects in Stafford Township School District represent \$1,916,700 in total estimated costs including state grants of \$766,680 which leverages the local contribution of \$1,150,020. The SDA has executed nearly \$5.6 million in grants to Stafford Township School District since program inception.

The grants will provide funds to replace the roof and windows at Ocean Acres Elementary School and to upgrade the heating, ventilation and air conditioning (HVAC) system at Ronald Meinders Primary Learning Center.

Since the start of the Christie Administration, the SDA has executed 1,546 grants in 323 school districts. The state-grant program funds at least 40 percent of eligible costs for projects in the RODs, addressing health and safety issues and other critical needs.

The State of New Jersey has provided \$495.4 million (state share) in grants to local districts since January 2010, leveraging projects with total estimated costs of \$1.16 billion. The SDA's current portfolio of active grant projects represents \$1.2 billion in total project costs.

	<b>Total Project Cost Estimate</b>	<b>State Share</b>	<b>Local Share</b>
Ocean Acres Elementary School – Roof replacement	\$773,880	\$309,552	\$464,328
Ocean Acres Elementary School – Window replacement	\$504,600	\$201,840	\$302,760
Ronald Meinders Primary Learning Center – HVAC controls upgrade	\$638,220	\$255,288	\$382,932
<b>Stafford Township School District Total</b>	<b>\$1,916,700</b>	<b>\$766,680</b>	<b>\$1,150,020</b>
