Christie Administration Announces West Windsor-Plainsboro Regional School District to Receive Over \$878,350 in Grant Funding from the New Jersey Schools Development Authority

Trenton, NJ - Furthering the Christie Administration's commitment to support critical school improvement projects in New Jersey, the Schools Development Authority (SDA) today announced that five grants have recently been executed for the West Windsor-Plainsboro Regional School District through the SDA's Regular Operating District (ROD) grant program. Grant execution signifies completion of the application process and the start of funding being issued to school districts through the SDA's ROD grant program.

In May 2013, Governor Christie announced the largest single grant offering in the program's history, making approximately half a billion dollars in funding available for projects throughout the state's 559 Regular Operating Districts and 21 County Vocational Technical School Districts across New Jersey. The Department of Education, who determines the selection of school projects to receive grant funds, has approved more than 1,600 ROD Grant projects in 335 school districts throughout the state for this allocation. Between state and local contributions, the total project costs of the eligible projects are estimated to exceed \$1.2 billion, representing significant benefit not only to the children served by the state's public schools but also to the economy and construction industry as this important work advances.

The projects in West Windsor-Plainsboro Regional School District represent \$2,195,875 in total estimated costs including state grants of \$878,350 which leverages the local contribution of \$1,317,525. The SDA has executed \$13.1 million in grants to the West Windsor-Plainsboro Regional School District since program inception.

Two grants will provide funds for a roof replacement at West Windsor-Plainsboro Regional High School South. The remaining grants will fund a master clock system replacement at Community Middle School, upgrades to temperature controls at Thomas R. Grover Middle School and HVAC upgrades at John V.B. Wicoff Elementary School.

Since the start of the Christie Administration, the SDA has executed 1,830 grants in 351 school districts. The state-grant program funds at least 40 percent of eligible costs for projects in the RODs, addressing health and safety issues and other critical needs.

The State of New Jersey has provided \$527 million (state share) in grants to local districts since January 2010, leveraging projects with total estimated costs of \$1.2 billion. The SDA's current portfolio of active grant projects represents \$1.2 billion in total project costs.

School Name	Total Project Cost Estimate	State Share	Local Share
West Windsor-Plainsboro Regional High School – Roof replacement on original 1970 bldg, phase 2	\$666,000	\$266,400	\$399,600
West Windsor-Plainsboro Regional High School - Roof replacement on original 1970 bldg	\$639,000	\$255,600	\$383,400
Community Middle School – Master clock system requirement	\$432,375	\$172,950	\$259,425
Thomas R. Grover Middle School – Temperature control upgrades	\$359,000	\$143,600	\$215,400
John V.B. Wicoff Elementary School – HVAC upgrades	\$99,500	\$39,800	\$59,700
West Windsor-Plainsboro Regional Total	\$2,195,875	\$878,350	\$1,317,525
