Contract No.: WT-0022-M01
Contract Name: Trenton Central High School
District: Trenton
County: Mercer

Brief description of Work:

Construction Management Services for the Trenton Central High School, a new, one-story, approximately 374,000 gross square foot high school designed to educate approximately 1800 students in grades 10-12 located in the Trenton School District.

Procurement Overview

This is a "Price and Other Factors" solicitation for Construction Management Services for the Trenton Central High School in Trenton, New Jersey. This solicitation seeks responses from interested firms in the form of a simultaneous submission of:

1. A Qualifications and Technical Proposal, which provides information regarding the firms' past experience and qualifications as well as the firm's overall approach to the project, for evaluation by a Selection Committee charged with evaluation and scoring of the submittals with reference to the non-price "Other Factors" criteria identified in the RFQ/RFP. The "Other Factors" to be considered, and their relative weights, are as follows:
 - Responsive Firm's CM Experience on Similarly Sophisticated Projects (20 Points)
 - Staffing Proposal (40 points)
 - Key Team Members' Experience on Similarly Sophisticated Projects (30 points)
 - Approach to Project Schedule (10 points)
2. A sealed Price Proposal, which will remain sealed until completion of the "Other Factors" evaluation and scoring, and which states the firms Total Compensation Amount price for the services required for the project. The Price Proposal will be subject to scoring in accordance with the terms of the RFQ/RFP.

Responsive firms will be evaluated and scored by a Selection Committee on the basis of their written Qualifications and Technical Proposal submissions. The responsive firms will be ranked on the basis of such scores, and a shortlist of the six (6) most highly-ranked firms will be determined. The shortlisted firms will participate in interviews with the Selection Committee and will be separately scored on the basis of the interview using the same criteria and point values used to evaluate the Qualifications and Technical Proposal. The scores for the written submission and the interview will be combined into a total "Non-Price Score."

Once all the Non-Price Scores for all shortlisted firms have been calculated, the Authority will open the sealed Price Proposals and will review them for responsiveness, and determine a Price Score for each responsive Price Proposal. The lowest responsive Price Proposal shall be scored by awarding the maximum number of points for the price component, which shall be 100. All other Price Proposals shall be scored by awarding points based on the percentage that each proposal exceeds the lowest Price Proposal.

The Non-Price Scores will be adjusted by a weighting factor of 70% and the Price Scores will be adjusted by a weighting factor of 30%, before being combined in a Final Combined Score. The Authority will recommend award of the contract to the responsive firm with the highest Final Combined Score.

Procurement Requirements

To participate in the procurement, firms must be prequalified by both the Department of Treasury-Division of Property Management and Construction and the NJSDA in the Construction Management (P029) discipline as of the due date for Responses to this RFQ/RFP.

Firms are required to comply with the requirements of P.L. 1975, c. 127 (N.J.A.C. 17:27), pertaining to affirmative action and equal employment opportunity.

The NJSDA requires the selected Consultant to provide opportunities to SBE firms to participate in the performance of this engagement, consistent with NJSDA's SBE set aside goals of 25% (5% to Category 1, 5% to Category 2, 5% to Category 3, with the remaining 10% to be allocated among firms in Categories 1, 2 and 3). The Small Business Administration size standards are established at 13 C.F.R. 121.201.

In accordance with N.J.S.A. 18A:7G-41.1, a firm shall be precluded from submitting a proposal for this procurement if such firm or any affiliated firm is engaged under a prime contract with NJSDA to provide work and services as the general contractor for this project, or is engaged as a subcontractor to the general contractor for this project.
