EI ASSOCIATES ARCHITECTS & ENGINEERS – STAGING AREAS

The following are access requirements for exterior onsite staging/storage at Weequahic High School:

1. Staging/Storage areas are very limited on site. Contractors are limited to the areas that are designated as permitted staging areas as shown on the attached document.
2. The Contractor is responsible for making accommodations for any off site staging/storage areas that they may require. The Contractor is responsible for maintaining that site in a clean manor. The Contractor is responsible for providing security for that site.
3. The Contractor is responsible for the removal and restoration of all fencing and/or gates that are dismantled in any way for access to the onsite staging/storage areas.
4. The Contractor is responsible for providing all additional fencing and/or gates as required to properly secure the onsite staging/storage areas.
5. The Contractor is responsible for restoration of any paved surfaces, concrete surfaces and/or lawn areas that are damaged for the duration of this project. These items are to be restored to their original condition utilizing matching materials.
6. The Contractor is responsible for providing all security for onsite staging/storage areas.
7. The Staging/Storage areas must be broom clean at the close of each working day for the duration of this project.
8. The Contractor will be responsible for trimming any trees, removing debris and removing any vine growth as necessary to access the masonry restoration scope of the project for the duration of the project.
9. Sidewalk access to the school must be maintained at all times for students, parents, and all school personnel during school hours, pedestrian traffic cannot be diverted.
10. Road access for all streets bounding the school property for the public must be maintained at all times.
