

The New Jersey Schools Development Authority (NJSDA) is seeking to engage a firm to provide the following scope of services:

NJSDA has office locations in Trenton, NJ and Newark, NJ that are currently connected via Point to Point T1 circuits. In order to support staff located in Newark accessing data and applications in Trenton, NJSDA will implement a DS-3 Private Point to Point data circuit (44.736Mbps). Therefore, NJSDA is seeking qualified firms to submit price proposals for the installation of a Point to Point DS-3 data circuit.

Pricing should include: Non re-occurring costs such as Installation and Setup as well as month to month re-occurring fees based upon single year of service as well as discounts for two or three year commitments.

Please Note: NJSDA will provide both routers and interfaces at both the Trenton and Newark facilities.
